A good drink.

ChariTea is a social business from the heart of Hamburg. We produce organic tea, iced tea and lemonade with Fairtrade ingredients – and a good cause. All ingredients are certified organic and sourced from small-scale farming cooperatives from across the world. Through Fairtrade, we support humane and fair agriculture. What's more, a fixed amount per bottle sold goes directly towards supporting Lemonaid and ChariTea's charitable social projects. That's how we've raised over 1 million euros to date.
